

PUBLIC NOTICE

GENERAL ELECTRIC COMPANY - GE MEDICAL SYSTEM

4855 West Electric Avenue
West Milwaukee, Wisconsin
WID 086 686 003

The United States Environmental Protection Agency (U.S. EPA) hereby gives notice of intent to issue a permit under the Resource Conservation and Recovery Act (RCRA) to General Electric Medical Systems (GE), located at 4855 West Electric Avenue, West Milwaukee, Wisconsin.

The permit allows GE to continue its hazardous waste storage operation and requires control of organic air emissions from hazardous wastes GE stores in containers.

The U.S. EPA determined that GE's application for a RCRA permit complies with the regulations and a permit can be issued. The proposed permit and relevant documents are available for review at the following locations:

West Allis Public Library
7421 West National Avenue
West Allis, Wisconsin

U.S. EPA - Region 5
Administrative Records Center
77 West Jackson Boulevard, 7th floor
Chicago, Illinois 60604

The public comment period will begin on Tuesday, July 22, 2003 and ends on Friday, September 5, 2003. A public announcement will be made from the WFMR radio from 6:00am through 10:00am. You can obtain more information by login in the web at:
<http://www.epa.gov/reg5rcra/wptdiv/permits/index.htm>. During this period, written comments may be submitted to:

John Gaitskill
U.S. EPA Waste Management Branch
77 West Jackson Blvd., DW-8J
Chicago, Illinois 60604-3590
Phone No. 800 621 8431 ext. 66795

During the public comment period, a hearing on GE's proposed permit may be requested by submitting a written request to the U.S. EPA address above. If a public meeting or hearing is scheduled, a notice of the time and place will be published in a local paper. After the close of the public comment period, U.S. EPA will review all comments and make a final determination on the issuance of the permit. Each person who submitted written comments will receive notice of U.S. EPA's final determination and a formal response to significant comments. Reasonable accommodation, including documents in an alternative format, will be prepared for qualified persons with disabilities upon request.
